

# Do you really think you OWN YOURSELF?

Is self-ownership the essence of freedom?

THINK! The ultimate test of ownership is the ability to SELL what you think you own. But if you sell yourself, what are you? A SLAVE to whomever bought you!

## YOU DO NOT OWN YOURSELF!

You did not make yourself. You did not purchase yourself. You were made by God, and purchased by His only Son Jesus Christ. He has absolute rights over you, giving you duties toward Him. And those duties are the origin of all your RIGHTS! To be a child of the Almighty. THAT is the essence of true freedom.
